GENERAL DISCLAIMER

The information here is provided to you in general terms, without taking notice of your specific personal and financial situation. Under no circumstances should this presentation be considered as any type of solicitation, investment, legal or financial advice. In describing the various parts of the HyperGroup, past performance does not guarantee future results, and is for informational purposes only.

Purchasing a HyperFund membership gives you access to benefits such as education, advance or discounted access to new products or services within various parts of the HyperGroup, and access to the daily rewards program of HyperFund as provided to all HyperFund members. A membership purchase involves an exchange of the cryptocurrency USDT (Tether) for HyperFund’s unit of account called HU (Hyper Unit), and it is not an investment. Each membership carries a specific benefit and specific time frame, and it expires as specified. An account can be extended through purchase of one or more additional memberships.

The HyperFund Membership is on a best effort basis and, like any project, there is a risk of loss of all funds and rewards. The world of cryptocurrencies is highly volatile, can involve risk of loss, and may not be suitable for all persons. Risks include but are not limited to: market risks, system risks, cybersecurity, transaction processing risks, regulatory risks, trading risks, risks or mistakes made by yourself, business failure, and others. Opinions, market data and recommendations are subject to change without notice. Past results are not indicative nor a guarantee of future performance. Hyperfund seeks to mitigate risk by exclusively accepting USDT (Tether) as payment for membership. USDT (Tether) is considered a “stable coin” and historically has not been subject to the market volatility found with other cryptocurrencies.

We do not purport HyperFund membership to be a “get rich quick” scheme. There is no recommendation in this presentation to purchase any membership, product or service. You make your own decisions, based on your own due diligence. We recommend you seek the advice of a suitably qualified professional before deciding, if you are unsure.

Your continued attendance of this meeting beyond this point, indicates your acceptance of the above terms.

WORLD CLASS EDUCATION ON BLOCKCHAIN AND CRYPTO CURRENCY

EXCLUSIVE PRIVATE TOKEN SALES
When you purchase your initial membership, daily rewards are released.

You then have several options when your daily rewards reach 50 HU:

1. Redeem and Withdraw; or
2. Let the rewards continue to grow until they 3X; or
3. Rebuy with your Rewards at multiples of 50 HU, giving you a new and additional “mini-membership” for 600 days.

If you chose Option 3, the effect is that you are adding additional memberships on your original membership. This “stacking” of memberships will increase the size of your account’s daily rewards exponentially. Our members love mixing these strategies.
This shows how long it takes to do your FIRST 50 HU Re-buy:

- 300 HU membership Package in 34 days
- 500 HU membership Package in 20 days
- 1,000 HU membership Package in 10 days
- 1,500 HU membership Package in 7 days

HOW ARE THEY ABLE TO GIVE 0.5% DAILY REWARDS?

A TOP 4 MINING OPERATOR

2017 $100 Million Acquisition
2021 $20+ Billion Assets

300,000+ BITCOIN
2 million+ ETHEREUM
1.5 million+ LITECOIN
+ many more

China is home to many of the top Bitcoin mining companies:
F2Pool, AntPool, BTCC, and BW.

It’s estimated that these mining pools own somewhere around 60% of Bitcoins hash power, meaning they mine about 60% of all new bitcoins.

A hyrdoelectric dam in Xinjiang province

BW is mostly interpreted as “cryptocurrency network”. As one of the three famous mining pools in the early days, BW possesses the top-level global domain BW.COM and has millions of users, providing mining pool services of mainstream cryptocurrencies such as BTC, LTC, ETH, ETC, UBTC, SC, etc. to miners from 45 countries and regions. The BW mining pool has produced nearly 300,000 Bitcoins, 1.5 million Litecoins and nearly 2 million Ethereums, with a total value of more than 3 billion US Dollars. The current daily output of various digital currencies is still more than 1 million US Dollars. A considerable amount of output comes from self-operated mining machines.

In 2017, BW underwent a major transformation that Australian Collinstar Holding fully acquired BW.COM. Today, BW.COM has become the first POS mining community and digital asset contract exchange that is based on mining pool.

HOW TO GET STARTED

1. Register your Membership using link from your inviter.
2. Deposit USDT (Tether) into your account.
3. Purchase your membership and earn rewards.
4. OPTIONAL: Share and accelerate your rewards

100% OF OUR MEMBERS EARN REWARDS 7 DAYS A WEEK!
We make every effort to ensure that we accurately represent the HyperFund membership, membership benefits, and the HyperFund referral rewards plan (HyperDrive) and their potential for income. The HyperDrive part of HyperFund accelerates accumulation of HU as a result of a member sharing the HyperFund opportunity and new members subsequently receiving rewards via HyperFund.

There are no guarantees regarding income or rewards from the HyperFund opportunity. The basic HyperFund rewards plan offers members an anticipated daily reward based on the value of membership purchased, but is on a best-efforts basis and subject to change at any time.

Any description of potential rewards made in this presentation can only describe the HyperFund plan itself; the Hyperfund Service Agreement and regulatory requirements include the specific prohibition against members or presenters making any income claims whatsoever, as such may be considered enticement. The examples used may show exceptional results which do not apply to the average member, and are not intended to represent or guarantee that anyone will achieve the same or similar results. Income or rewards or rank levels and achievements are dependent upon individual member’s business skills, personal ambition, time, commitment, expertise, activity and demographic factors. As with any business, your results may vary.

The use of our information, products and services should be based on your own due diligence and you agree that our company is not liable for any success or failure of your business that is directly or indirectly related to the purchase and use of our membership, information, referral plan, products or services.

Reminders Regarding Q&A and Member Testimonials

1. This time is primarily for our guests to ask questions regarding the presentation.
2. Please be reminded that HyperFund involves a membership and it is not an investment. Any questions using terms like “investment”, “compounding”, ROI, etc will not be answered.
3. Remember that HyperFund does not deal at all with Fiat Currency. To get a membership, you exchange a cryptocurrency USDT for HyperFund’s unit of Account, HU. This is an exchange of one asset for another, not a purchase. If that kind of process is new to you, feel free to ask questions and your inviter would also be able to help you.
4. For members, please remember: NO INCOME CLAIMS OF ANY KIND. Also NO EXAGGERATION OF THE REWARDS PLAN. You may not discuss earnings, or infer that a prospective member will earn a certain minimum. Changes of work, or Lifestyle claims that infer a certain level of earning, also are not allowed. If you make an income claim, you will be interrupted and not allowed to continue speaking.
5. For prospective members: Please bear in mind that any member testimonials are not typical. They reflect that person’s experience.
6. Members: Please keep testimonials to two minutes maximum. There is no need to repeat the presentation. Also, please remember that these presentations are for prospective members. This is not a technical call, nor a training call, so please keep focused on providing value for our guests.
7. With those guidelines, let’s open for Questions.
